

## WHAT TO EXPECT FROM THE HOST FAMILY EXPERIENCE

Hosting is a wonderful experience in global education for your family!

Learning about other cultures is fun!

International exchange students enrich your school and community!

What host families say:

"The exchange student idea can change things and make a difference one person at a time. One person interacting positively with our students... probably does more good than hours and hours at any diplomatic table."

- Mr. Reimenschneider  
teacher, Fort Wayne, IN

"Hosting is about laughing a lot at funny words, experiences, misinterpretations and mistakes. It's seeing that kid experience a ton of things for the first time. It is about teaching and sharing and seeing something from a totally different perspective. It's about fear, pride, nurturing, loving and getting so connected to someone that you feel like a part of you leaves when they get on the plane."

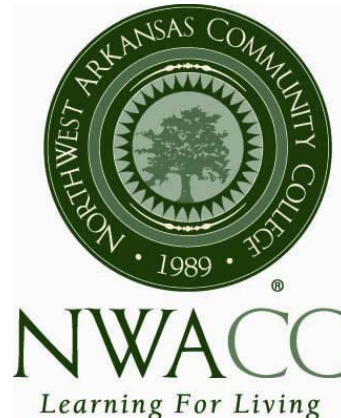

-J. Spel, Host Dad from Texas
